## Safety Training Webinar

---

### CareWorks Consultants/Risk Control 360 Safety Training

Employers participating in a group rating plan who have had a workers' compensation claim within the past two years will need to complete two hours of mandatory safety training during the 2009 policy year (ending June 30, 2010). This new requirement adopted by the Ohio Bureau of Workers' Compensation (BWC) applies to any claim – regardless of size or severity – with a date of injury between January 1, 2007 and December 31, 2008.

To help members fulfill this requirement from the convenience of their own office, CareWorks Consultants, Inc. (CCI) and Risk Control 360 will offer web-based safety training opportunities during the first several months of 2010. This webinar is a two-hour program, which will be offered from 9:00 a.m. – 11:00 a.m on the following dates:

- February 16 & 23, 2010
- March 9, 16 & 23, 2010
- May 4, 11 & 18, 2010
- June 8, 15 & 22, 2010

### Training Topics

- **Keys to Effective Safety Program Management**  
This presentation focuses on BWC's 10-Step Business Plan for Safety, which is a primary component of many BWC programs. Group-rating participants are strongly encouraged to implement these components to prevent injuries and control workers' compensation costs.
- **OSHA Update**  
Learn about the top OSHA citations issued over the last year for general industry and construction so you can ensure compliance. Look at trends in workplace injury rates and the new focus of the agency under the Obama administration.
- **Accident Investigation**  
Developing a comprehensive accident plan and having the proper tools and documents readily available will help you capture the essential information and protect your business.

### Registration

To register for one of the CCI webinars, send an email to [twohourtraining@ccitpa.com](mailto:twohourtraining@ccitpa.com). Be sure to include your company name, BWC policy number, phone number and the date of the webinar you want to attend. After receiving your request to participate, you will receive instructions by email to register in our webinar system. You must complete the electronic registration process to participate in the webinar. There is a \$15 fee to participate in this webinar. Following completion of the webinar, you will be sent an invoice for the \$15 fee. Upon payment of the invoice, a certificate of completion will be emailed to you, indicating that you have completed the required two-hour safety training.

### BWC Safety Training

Additionally, the Ohio Bureau of Workers' Compensation is offering classes that meet the two-hour training requirement including:

- Ohio Safety Congress and Expo safety educational sessions - March 30 - April 1, 2010
- Division of Safety & Hygiene Training Center - half and full day courses
- BWC On Demand safety courses
- BWC on-line safety courses

For more information on BWC safety training options, contact the BWC Division of Safety & Hygiene at 1-800-644-6292 or visit [www.ohiobwc.com/employer/programs/safety/SandHEducation.asp](http://www.ohiobwc.com/employer/programs/safety/SandHEducation.asp). If you attend a BWC course, you are required to submit proof of attendance to CCI. Please either email the information to [twohourtraining@ccitpa.com](mailto:twohourtraining@ccitpa.com) or fax it to (614) 495-5200.
